

Emily Holt

Salt Lake City, UT | (435) 962-0331 | eholt179@gmail.com

Summary

Resourceful and adaptable professional with a strong background in education, team coordination, and client support. Recently completed a full-stack coding bootcamp through the University of Utah, gaining foundational experience in web development. Known for strong communication, problem-solving, and the ability to thrive in fast-paced environments. Eager to join a development team where I can contribute creatively and continue growing as a software engineer.

Experience

Math Teacher (Long-Term Sub)

Private Therapeutic Boarding School - Salt Lake City, UT | Jan 2024 - Present

- Instruct high school students in Common Core math, adapting lessons to meet therapeutic and academic needs.
- Create individualized supports for students with IEPs in collaboration with a multidisciplinary team.
- Lead classroom activities while managing social-emotional learning goals.

Instructional Assistant - Math & Science

Private Therapeutic Boarding School - Salt Lake City, UT | Sep 2023 - Jan 2024

- Supported students in STEM subjects with scaffolding, reteaching, and emotional regulation strategies.
- Worked 1:1 and in small groups, helping to bridge learning gaps and build academic confidence.

ALS Coordinator & Reading Interventionist

Edison Elementary - Salt Lake City, UT | Nov 2022 - Jun 2023

- Delivered Tier 2 and Tier 3 interventions in literacy using evidence-based curricula.
- Coordinated with special education and ELL teams to monitor growth and adjust plans.
- Addressed academic and behavioral barriers through relationship building and personalized instruction.

Technical Skills

Languages & Libraries: HTML5, CSS3, JavaScript, Node.js, React, Express

Databases: PostgreSQL, Sequelize

Tools: Git & GitHub, REST APIs, Vite, Responsive Design, Debugging

Education

University of Utah Coding Bootcamp

Certificate in Full Stack Web Development | Nov 2024 - May 2025

- Projects built with React, PostgreSQL, Node.js, and RESTful APIs
- Focused on real-world problem solving and full-stack collaboration

University of Utah

B.S. in Elementary Education; Minor in Human Development & Family Studies | Aug 2010 - May 2016
